

I CONSIDER CANNABIS TO BE A VITAL ISSUE ENCOMPASSING LEGAL RIGHTS, HUMAN RIGHTS, THERAPEUTIC RIGHTS, SPIRITUAL RIGHTS AND ENVIRONMENTAL ISSUES.

My name is John Peacock, I am your Legalise Cannabis Alliance candidate for Workington in the forthcoming general election. I have resided in Cumbria all my life and I now live in Silloth, with my partner, two step sons and 5 year old daughter. My beliefs in the legalisation of cannabis are very serious and based upon my studies of both its many uses and the 'wrongness' of the law.

I know about cannabis from my own medical use for the treatment of epilepsy. Conventional medicine worked but the side effects were very unpleasant and long term use would have been detrimental to my health. I have used cannabis medicinally for the past 3 years and no longer have to use my prescribed medication. I would not advise anybody to break the law, but clearly I am not alone in feeling that sometimes it is essential. In any case it makes no sense to punish a cannabis-user who is harming no one. It is a waste of resources and unnecessarily creates alienation and criminal records.

Some people do not realise how serious this issue is. It certainly is not a 'single issue'. In fact, cannabis is a vital issue that includes legal rights, human rights, therapeutic rights, spiritual rights, and environmental issues.

The cannabis issue has many important effects on all aspects of life. I am prepared to talk to anyone who wishes to discuss the use of cannabis if they need more information.

If our proposals are put into effect, it will result in the decrease in general crime rate. It will ease the drugs problem. It will increase police and court resources to fight serious crime.

- ✳ Substantially increase the Governments revenue through taxation on profits.
- ✳ Increase public and social well being, spirit, health and happiness.
- ✳ Decrease pollution and reduce the cost of fuel, energy, and power for our homes, businesses, factories etc.
- ✳ Effectively reduce unemployment.

Cannabis is used by all sections of society. Most of us know a cannabis user, even if we are not aware of it. Their use of cannabis is not harming anyone and I am forced to ask: "Should the law punish people who are not harming anyone?". If you agree that the answer is "no", then please vote for me, your LEGALISE CANNABIS ALLIANCE candidate, and help send a message to the government that a high proportion of voters support a rethink on cannabis legislation.

I feel that our draconian cannabis laws are based upon lies and misinformation, now is your chance to change the law - vote Legalise Cannabis Alliance.
